BETTER LATE THAN NO TIME SOON

RELEASE DATE: JULY 21ST, 2017

What's the winning recipe for a compelling contemporary blues album?

Start with an artist firmly grounded in the blues. An artist who is also a prolific songwriter, blues guitar master, and a unique and engaging singer. Add to the traditional blues a generous helping of old school Rhythm and Blues, a big cup of Soul, a dash of Jazz. Then make sure all these delicious ingredients are put together in just the right mix, with the right musicians to properly enhance the final blend.

"Better Late Than No Time Soon" is the result of exactly this recipe. With this effort, Leonard Griffie and a highly talented group of players has created a new album that manages to be both fresh, yet simultaneously traditional. The songs display impressive range. From soulful ballad to smokey R&B to foot stompin' shuffle. Truly the culmination of a lifetime of blues.
